

of the question of a president for the coming year, but so far there appears to be a distinct undercurrent in favor of bestowing that honor on Fred J. Kiesel of Ogden, who is generally recognized as a most valuable member and one of the wheelhorses of the organization, and there is a general feeling that the honor could not be more worthily conferred.

The work of installing the exhibits of irrigated land products has gone steadily forward today and most of the competing State and county exhibits will receive the finishing touches Monday morning. The Utah and Idaho county exhibits are nearer completion than any of the others. The rules require that all displays, in order to compete for prizes, must be entered and placed in position before noon Monday. The prizes will be awarded Tuesday afternoon, the awarding judges to be chosen by the board of control of local arrangements of the congress. There is a great deal of interest in the awarding of these prizes and the competition is keen.

There are four grand sweepstakes prizes, consisting of magnificent silver loving cups for the best general exhibits of sugar beets, grains and grasses, vegetable products and fruits. These contests are open to individuals, firms, corporations, organizations, counties and States. The cup in the sugar beet competition is offered by the Great Western Sugar company of Denver, and the other three prizes by the congress. In addition to these four general prizes, there are ten first prizes, each a handsome sterling silver loving cup, and ten second prizes, each \$10 in gold, for the finest display in each of the following classes: Apples, prunes, pears, peaches, grapes, evaporated fruits, potatoes, grasses, grains and apical products. There are also two special prizes of loving cups, one given by C. J. Sinsel of this city, for the best commercial pack of apples, and the other by C. E. Thurston of New York for the best packed crate of prunes.

All these loving cups are solid sterling silver, made from special designs, appropriate to the character of the products for which they are given. Each cup will be engraved with the name of the successful exhibitor and the contest in which the same was awarded. In the humble opinion of The Tribune representative, who was within hailing distance, when President Judd this morning opened and passed around a sample crate of the famous grapes from his ranch near St. George, Utah, competitors will have "to go some," to use the parlance of the street, to keep that cup from going to the Utah Dixie.

There is to be a big Labor day celebration here tomorrow, with an afternoon of exercises, sports and dancing at Riverside park, in consequence of which the afternoon session of the congress will be held in Columbia theater.

Gov. Brooks and Congressman Mondell of Wyoming will arrive on the Fairbanks train tomorrow morning, and it will also bring many eastern Idaho, Wyoming, Colorado, Nebraska and middle States delegations.

Opening of the Session. When the congress assembles, addresses of welcome will be delivered by Gov. Gooding, Senator Dubois and Mayor Pinney, responses being by Gov. Chamberlain of Oregon, Senator Clapp of Minnesota and Judge Cyrus Happy of Washington.

The first business of the session will be the reading of a letter of greeting sent by President Roosevelt. It will be read by Gifford Pinchot, head of the forest service, who is the bearer of the communication. An address by Vice-President Fairbanks will follow.

Four special cars, bearing the California delegation, arrived during the night, and early in the morning the Oregon delegates, with members of the Oregon Development league, will arrive on a special train. The Utah delegates will also come in the morning on a special.

Senator Carter of Montana has been talked of for chairman of the convention, but a counter movement has been started in favor of Senator Dubois. There are six places talked of for the next congress. These are Denver, Reno, Santa Fe, Bozeman, North Yakima and Deadwood. There has been some suggestion that the meeting be held in the National capital, but that does not meet with favor.

There will be an interesting contest between several localities for the prize for the display of fruit. Utah is making a strong effort to capture it. Several Idaho localities have good exhibits and the contest is likely to be close.

WHY CONTRACTS WERE CANCELLED

Union Pacific Coal Company Talks of Scrap With D. J. Sharp.

MATTER WILL PROBABLY GET INTO THE COURTS

Company Says Sharp Had No Right to Sell Coal at \$4.75 a Ton.

There is a lively scrap on between the D. J. Sharp Coal company of this city and the Union Pacific Coal company, which will, in all probability, be aired in the courts at an early date. D. J. Sharp, the head of the local company, has announced that he has retired from the coal business in this city, and gives as the cause that the Union Pacific Coal company has cancelled his contracts and refused longer to deliver coal to him.

The basis of the trouble is an advertisement which Mr. Sharp inserted in the press of the city some weeks ago, advertising coal at \$4.75 a ton. Mr. Sharp says that he was given a rate of \$4.75 a ton for coal in stock, by the company, in July, but that later he was asked to withdraw his advertisement, and, upon refusing to do so, his contracts were cancelled.

The differences that have arisen between Mr. Sharp and the Union Pacific Coal company emphasize the well-known fact that a coal trust exists in this State that absolutely controls the sale of every pound of coal that finds its way into the bins of consumers.

Sales Agent Talks. J. M. Moore, general sales agent of the Union Pacific Coal company, said Sunday:

"Mr. Sharp never had permission to sell coal at \$4.75 per ton. On June 15 a storage rate went into effect, by which it was stipulated that the railroad company and coal company were each to refund 25 cents a ton on storage coal, August 15. This was later extended to August 31. In other words, we desired to offer a premium to people to buy coal during the summer months, instead of waiting until the demand for winter coal became general this fall, at which time it will be virtually impossible for us to supply the demand."

"There was really no cut in the price of coal for immediate use. The price remained at \$5.25 a ton, irrespective of what anybody purchased or used prior to the expiration of the storage rate. But, in order to prevail upon consumers to buy their winter coal in advance, it was arranged to give them a rebate of 50 cents a ton on all the coal they had in storage on August 31."

Question of Right. "Instead of advertising coal at \$5.25 a ton, the figure at which other dealers were selling it, Mr. Sharp advertised to sell at \$4.75 a ton. Thus he had no right to do and the other dealers protested. I then went to Mr. Sharp and told him that he had no right to advertise coal at a flat rate of \$4.75 a ton. His reply was that he would do as he pleased about the matter, and as I could not prevail upon him to change his advertisement, I ordered his contracts cancelled."

"Later, Mr. Sharp appealed to Mr. Baneroff and Mr. Buckingham. I was present at a meeting held between them, and after Mr. Sharp had stated his case and I had stated the other side, he was told by those officials that he was in the wrong. He again asserted that he would do as he pleased in the premises, and the order cancelling his contracts remained in force."

HITS BOY WITH BRICK; BURIES HIM ALIVE

Sixteen-Year-Old Degenerate of Chicago Confesses to Most Appalling Crime.

CHICAGO, Sept. 2.—Robert Gordon, aged 16, today confessed that he struck Joseph Reed, 8 years old, with a brick, stunning him, and then buried him alive under the sidewalk in front of his father's house, 287 S. Archer avenue. The boy's body was found where Gordon said he had buried it. After an investigation by the police, Gordon was taken into custody.

The absence of the Reed boy from his home was noticed at 3 o'clock Saturday afternoon, and search was immediately begun. Gordon led the father of the boy through the streets of the neighborhood for several hours. Finally, at 10 o'clock last night, he took him to where the body was buried and assisted in digging it up. When taken to the station and questioned by the police, Gordon broke down and confessed that he enticed the boy to the basement of the Reed home, mistreated him, and when he attempted to escape, struck him on the head with a brick. He then buried him alive.

Five other boys, ranging in age from 15 to 20 years, who had been drinking with Gordon at the rear of the Reed home before the murder became known, were taken into custody. The Reed and Gordon families live near one another and have been friends for years.

DR. COOK'S SCIENTIFIC, CERTAIN AND COMPLETE CURE FOR

Weak, Nervous, Restless at Night, and Weak, Aching Back, Diseased Kidneys, Inflamed Prostate, Despondency, Lack of Energy, Ambition and Strength, Poor Memory, Hollowed Eyes, Face Pimples and Dark Circles under Eyes, Rashful, Melancholia, Youthful Felicity, Weak, Trembling, Varicocele, Excessive Drinking, Loss in Urine, Exposure, Overwork and Worry, Exhausting Dreams.

An endless number of men have one or more of the above symptoms and drag from day to day in despair of a prosperous, happy future, and well they may, for if neglected their health is sure to be wrecked by a complete loss of physical, mental and sexual power.

My method completely and permanently revives manhood after "cure-all" remedies and "quickcure" specialists fail to even benefit.

My scientific, systematic course of treatment for weak, nervous, brokendown youths and men, who have, through folly, dissipation and excesses, unfitted themselves for work and the enjoyment of life, is a system that has been tested many times over and proven entirely satisfactory in every case. It is totally different from the many sickening pills and tablets, and the stimulating, stomach-ruining drugs given by would-be specialists. My specific treatment for all the symptoms indicating Failing Manhood is harmless, though so effective as to remove them immediately. It is constitutional; therefore, by purifying and enriching the blood, strengthening the nervous system, nourishing the tissues, the patient becomes strong and healthy with all signs of trouble forever gone. The treatment is to the human system what the sap is to the tree—it buds energy, ambition and confidence that lead into a prime, healthy, vigorous feeling of new life.

I treat and cure all such pelvic diseases as PILES, FISTULA, RUPTURE, VARICOCELE, HYDROCELE, BLOOD POISON, SKIN DISEASES, SORES, ULCERS, NERVOUS DEBILITY, and diseases of the KIDNEYS, BLADDER and PROSTATE. My method of treating these diseases has proven so successful that I guarantee a permanent cure in every case accepted, and contract by a written instrument to produce permanent and satisfactory results or refund money.

IMPORTANT—I will cure you for less money than you can be treated for by any other specialist in Salt Lake. You may have to come to me sooner or later in order to be properly cured; why not before you have lost your money in doctoring with cheap, unskilled specialists?

CURE OR NO CHARGE—ABSOLUTELY NO CHARGE UNLESS SATISFACTION IS GIVEN. Every patient is given a written guarantee to refund every dollar paid for services if they do not receive a complete, lifelong cure and entire satisfaction, and I have made a deposit of \$500.00 in the bank to secure any contract that is not fulfilled.

CONSULTATION FREE, CONFIDENTIAL AND INVITED. A personal, thorough and searching examination is required, though if inconvenient to call, write me a full description of your trouble. Office hours: 9 a. m. to 5 p. m., except Sundays from 9 to 12:30. Address or call

GARDNER DAILY STORE NEWS.

LABOR DAY.

How broad the significance of the word! In times past when one thought of labor it was to think of the most irksome sort of manual exertion. But conditions today are very different from those days. The laboring man of today is none other than the working man, the man who toils, who earns his bread by the sweat of his brow.

This is an age of work, work, work. The drone or the idle individual has no place in the onward march of progress. He is not entitled to the blessings accruing to the great body of Organized Workers and should find no place there, no sympathy from the thousands of industrious sons of toil who stand for the honest performance of the work which is the portion of every man.

Very wisely the American people set aside the Fourth of July as a day of celebration, that future generations might not forget the day on which our forefathers declared personal liberty to be the inherent right of every person.

And who can say the world is not better for having a holiday participated in by all the civilized nations of the globe—the ever welcome Christmas, the day when evil and malice are forgotten and everyone strives to outdo the other in acts of kindness and charity.

Then who will say the world would not be better should all nations and peoples devote one day to a proper appreciation of the world's workers. It is labor that moves the commerce of the earth. By labor deserts are made to bloom, cities are reared, nations created.

Who will say labor is not entitled to one day in each year?
